- SHOW # B-106-

- INITIAL FEED DATE: WEDNESDAY, NOVEMBER 07, 2018 -

SYNOPSIS

It's In The Air

Our host introduces us to Derek; he's invented a solar powered air freshener. He's about to put his freshener to the ultimate stink test; is it any match for the barnyard? We also meet Kelsey and the bird deterrent system she's devised for her family's blueberry farm. While our host gives us tips on brainstorming, as he makes his own toy rocket.

SYNOPSIS

All In The Family

Our host introduces us to Jerrilee; she's invented a fun learning game that involves speed and spelling. She's already selling it in a few stores, could a publicity event help to promote her product and help take it farther? We also meet Justin and Jerod, twins who have a solution for the wedgie. While our host gives us do-it-at-home tips on inventing our own game.

SYNOPSIS

Independent Thinking

Our host introduces us to Nirusan; he's invented an indoor navigation device to help the visually impaired find their way around a building. He's about to test it; will it replace or compliment the seeing-eye-dog? We also meet Victoria, she has many inventions to make life easier and safer. While our host tries his hand at his most ambitious invention to date: the automatic room organizer.
